

## TYPE: SDE Flexmix

Volume: 550 / 1.150 liter

### Brandnew mobile mixing tank

- Delivery time: 1-4 weeks
- Pre-wired and ready to be plugged in, including CE
- Polyethylene base (forklift ready)
- Massive agitator support traverse (2 hinged lids)
- Heat-/cooling jacket: 2 bar
- Getriebebau NORD frequency converter 400V IP55
- Gearbox with stainless steel sealing flange, oil spill indicator and food-compatible Klüber oil filling
- New: gear motor without coating
- Extensive documentation
- Double effective safety valve
- Robust stainless steel outlet valve
- Optional: tank in AISI 316

Easy to clean thanks to its shiny surface finish (IIIC) and universally applicable depending on installed agitator. Tanks are sold pre-wired, CE-certified, with declaration of conformity and including a manual of use.
