

DECLARATION OF CONFORMITY

The original EU Declaration of Conformity is not available since the equipment is older than 10 years. Annex III of the current directive states that "the manufacturer draw up a written EU declaration of conformity for each pressure equipment model and keep at the disposal of the national authorities for 10 years after the pressure equipment has been placed on the market."

The product was constructed under the Pressure Equipment Directive applicable at the time it was placed on the market. The user history of the equipment is not known. The current technical state is not known to the manufacturer, and is user's responsibility.
